

# AIR-GO<sup>TM</sup> WALKER

**MD** by **drive**<sup>®</sup>  
MOBILITY DESIGNED

## Walk on Air<sup>TM</sup>

The Air-Go Walker redefines mobility—delivering comfort, ease, and freedom beyond traditional walkers. It's comfortable on the hands, stable underfoot, and ready when it's time to rest. With oversized, cushioned Airgonomic<sup>TM</sup> handles, water-dispersing treaded wheels, and a padded mesh seat, it gives users both freedom of movement and confidence in every step. For you, it delivers showroom differentiation, stronger customer loyalty, and reliable margins with MAP pricing you can count on.

### ***The support of a walker meets the convenience of a rollator***

#### **Comfortable Hold, Every Time**

Oversized Airgonomic<sup>TM</sup> handles cushion hands and are easy to grasp—even for users with arthritis or reduced dexterity.

#### **Easily Rest**

Enjoy the freedom to sit and rest when needed on the 3/4-length open-and-go padded mesh seat—designed shorter to let users walk naturally—while four height adjustments ensure a comfortable, customized fit.

#### **Compact, Stable, Travel-Ready**

The scissor-fold frame collapses in seconds for storage and transport, and the 6" water-dispersing treaded wheels with rear ski glides provide smooth, stable movement across various terrain.
